

LASER GENESIS PRE CARE

Before Your Treatment

- Do not wear makeup on the day of treatment.

7 Days Prior:

- Avoid beauty treatments such as waxing, laser hair removal of the face, depilatory (hair removing creams), eyebrow tint, peels and micro needling

2 Weeks Prior:

- Avoid any treatment that may irritate the skin such as waxing, tinting shaving or hair removal
- Avoid tan, real or fake. This includes sun beds, self tanners, spray tan and UV exposure
- Do not attend if you have had a recent cold, flu, infection or vaccination. You must wait 2 weeks after any of these and be feeling well before having Laser Genesis treatment.
